AT THE COUNTY FAIR

All Roads Led in That Direction On Thursday.

NINETEEN THOUSAND PEOPLE

Estimated to Be on the Grounds—Splendid Exhibits in All Departments—Some Special Features.

Did you go to the fair? Yes, everybody was there—father, mother, husband, wife and brothers, together with all the others. They came pouring in, over all the highways and railways, from early morning, until the grounds were packed with a perfect sea of humanity. The attendance was probably the largest that has ever been on the grounds, being estimated upon reliable data at from nineteen to twenty thousand. The weather was perfect, the department exhibits could not be surpassed and the races were such as to delight the lover of a good horse—in fact there seemed to be nothing lacking for the perfect enjoyment of the day. Then there was the side show, the merry-go-round, the snake-charmer, the ice cream candy and popcorn man who filled in the intervals between sight seeing and the races.

The ostrich race was a special feature that everybody wanted to see, because of its uniqueness, the ring railing being crowded with an eager throng until the big bird and his driver appeared upon the track. The bird's running mate was a young man on a bike and he was kept busy keeping out of the way of Mr. Ostrich. The marvelous speed and strength of the bird was surprising to most people, it being harnessed to a regular bike wagon and the driver a man of ordinary weight. This was a thoroughly appreciated feature of the afternoon's program. A summary of the races will be found below.

A visit to the stock stables and pens showed a fine exhibit in all departments. This was not only true as regards the number of the entries but the fine grades as well. Especially in the sheep, swine and cattle departments was this true. An experienced and expert stock man declared—"It is as good an exhibit of fine stock as ever I found on any grounds, and I have been around considerable."

The displays in horticultural hall certainly would be hard to surpass, making a splendid exhibit of Coshocton county products. There was also a good display of all kinds of farm implements and machinery by various firms and manufactures, all of which claimed the attention of the thrifty farmer.

The vehicle display of Mr. J. R. Stewart, the Coshocton, dealer, was a feature of the fair as was also that of the Coshocton Vehicle company. Both displays included a number of different styles of vehicles manufactured and handled and quite a number of sales were recorded as a reward for the enterprise displayed in making the exhibit. Mention should also be made of the display made by Messrs. Burns & Gosser. Their booth was well stocked with jewelry, jewels and all articles included in a well stocked store of this character. This was a special attraction to many people.

But why enumerate; there were so many exhibits that are worthy of mention, in fact they were all fine, but lack of space forbids at this time.

This is the last day of the fair and the attendance is again large and the speed ring attractions firstclass. The fifty-first annual fair of the Coshocton County Agricultural society will be remembered as one of the very best in the history of the society.

DEATH OF MADAME FRIEDLAND.

Formerly Visited Here and Pleasantly Remembered by Many.

Mrs. W. C. Frew recently received the sad tidings of the death of her friend, Madame Friedland. She died at her summer home in Mitton, Russia. The funeral took place Aug 7th. On the two occasions of her visits to this city, she won many admiring friends by her charming personality and unusual intelligence. Soon after her return to Russia which, was early in May, she suffered an attack of influenza from which she never recovered. Madame Friedland was a widow and had no children. She had written Mrs. Frew that she expected to return here this fall and deliver a series of lectures for the Russian government and bring with her an exhibit to introduce into this country the Russian hand-made lace. Madame Friedland made hosts of friends in her extensive travels who will feel a personal sorrow in her death.

Death of an Excellent Young Man.

John H. Wright, aged 22 years, who has been employed at W. A. Clarke's meat market, died this morning about 5 o'clock. He had been suffering from heart trouble and was taken ill about two weeks ago and medical skill was unable to save his life. His many friends will learn with deepest regret of his death. Interment will be made at Willow Brook, Sunday.

A Feature This Evening.

The bill for the theater this evening is the beautiful American comedy, "The Legal Wrong." It is a story of a sailor's life and one of intense interest from beginning to end. The comedy lies in the hands of a rollicking, light-hearted girl, who is at all times assisted by the witty Irishman who is on time at the proper moment to always turn trouble into sunshine.

The play opens with the cottage in the woods where the murder is committed, the second act shows the unjust arrest at the home of our new found hero while the third act shows on board the yacht "Wild Flower," a storm arises and the act ends with a strong and exciting climax. New specialties will be introduced between each act and the performance promises to be greeted with another packed house.

New Orleans Strike Situation.

New Orleans, Oct. 10.—The street-car strike situation in this city is becoming more grave with every hour. There was a feeling of impending trouble which kept the whole city on the qui vive. Governor Heard has arrived, and immediately consulted a number of gentlemen on the situation. The governor is being urged by the business men to endeavor to settle the trouble without a resort to the armed force of the state. He will decide on his course after the conference with the safety committee. Out of 1,600 militiamen in the city 700 reported at the armories or had been brought in by corporal guards. It was hard work gathering the militiamen. Some of the commands ordered wagons, in which the squads went in search of delinquents, while others marched on foot. The squads had to exercise a great deal of patience to refrain from resenting the attack and jeers of the crowds on the streets.

Swung the Whitewash Brush.

London, Oct. 10.—The report of the court of inquiry which investigated the charges brought against the remount establishment of the British army was published in a blue book. With the exception of a couple of minor cases the report not only whitewashes all concerned, so far as the alleged irregularities are concerned, but finds that the unprecedented demands on the remount establishment were met with extraordinary success. The commissioners point out that the wastage of horses in South Africa reached the enormous sale of 120 per cent.

Cornerstone Dedicated.

Washington, Oct. 10.—The cornerstone of the proposed memorial bridge across the Potomac to connect Washington with Arlington cemetery was dedicated with a big open-air meeting in the White Lot. The stone weighs several tons and was cut by the stonecutters' union of the district. Secretary of War Root presided, and made an eloquent speech in support of the proposed bridge. He also read a letter from President Roosevelt expressing regret because of his inability to be present and warmly indorsing the proposed memorial.

Peasant Uprising.

Berlin, Oct. 10. — Another peasant uprising has broken out in the government of Poltava, Russia. According to news sent across the border to the Socialist organ, The Vorwaerts, fierce conflicts are taking place between the peasants and the local forces, which are now being reinforced. Many persons are reported to have been killed or wounded.

Editor Nominated.

Springfield, O., Oct. 10.—Chester Bryan, publisher of the Madison County Democrat, was nominated for congress by the Democrats of the Seventh congressional district, the convention being held in this city.

THE REPORTER'S NOTEBOOK.

—The Gray Hardware Company.

—The Coshocton high school boys will play football at New Concord Saturday.

—Dud Bailey and Lennie Wells were arrested in Price's saloon on Third street, Thursday, for fighting. Chief Mapel made the arrest.

—M. W. McNaughton fainted in the lower part of the grandstand, Thursday at the fair, but recovered in a short time but could not explain the cause.

—Mast Hudson and another young young man from Sugar Creek came down on an excursion, Thursday, and after drinking freely became so noisy that Chief Mapel locked them up.

An Exciting Experience.

Auditor Lamberson had an exciting experience Tuesday evening that he will not soon forget. He was taking a drive with his little daughter, Ruth, in a single buggy. They met his other little daughters, Cornelia and Helen and Helen Matthews and they got into the buggy with them. As they were driving up Chestnut near the high school building, the hold back strap broke, letting the horse back against the buggy. The horse began kicking and soon demolished everything within reach of its hoofs. The occupants were all thrown out and escape from injury was nothing short of miraculous. Mr. Lamberson received a small gash on the chin but the children did not get a scratch.

An Aged And Able Ruler.

This is the birth month of one of the ablest sovereigns in Europe, Frederick, grand duke of Baden, who has reigned longer than any other, with the exception of the emperor of Austria, and is the fifth in point of age. He is 76 years old. He became regent on the death of his father in 1852, owing to the incapacity of his elder brother, and when that brother's condition was pronounced hopeless in 1856 he assumed the title of grand duke and a few days later married the only daughter of Kaiser Wilhelm I, then prince of Prussia.

People Are Behaving.

Only eleven arrests were made Thursday. Considering the fact that it is fair week the record is remarkably good. No pick-pockets have been discovered. Mayor Binner says it is the most orderly fair ever held in Coshocton.

A Matter of Justice.

In the DAILY AGE of last Saturday there appeared an item under the line "An Evening at Cards" at the home of Miss Allie Maxwell, in honor of Mr. Fred Carson, of Newark. It is a fact that there was no such entertainment and the correction is made in justice to all parties.

Looking Up His Relatives.

Dr. Lee McConnell, who left this county forty years ago, is mingling with his relatives and friends here. He is now a practicing physician in Northfield, Summitt county. He will spend a few days at the home of Thomas McConnell.

ANTI-STRIKERS

Preparing to Resist Possible Onslaughts of French Miners.

Paris, Oct. 10.—Further information received here from the coal mining regions indicates that the strike is spreading rapidly, but, while in the Pas de Calais, Nord and other districts the cessation of work is already complete, in other regions the mines are still working at full capacity. The strikers in the Pas de Calais district number 47,600 men. The mines are working full at Mont Lucon, department of Allier, and Mont Ceau Les Mines, department of Saone Et Loire, where a large majority of the miners are opposed to the strike. At Anzin, department of Du Nord, only 2,800 out of 14,000 men have ceased work. The yellows, as the anti-strikers are called, are preparing to offer resistance in case attempts are made to prevent them from working.

Anniversary Chicago Fire.

Chicago, Oct. 10.—The thirty-first anniversary of Chicago's big fire was observed by banquets given under the auspices of the Marquette and Lakeside clubs. Speakers of national prominence were present at both banquets. At the Auditorium hotel 500 members of the Marquette club and their guests gathered in the banquet hall, which had been appropriately decorated. Among the speakers was Secretary of the Navy William H. Moody, for whom the banqueters arose in a body and cheered. "The Iowa Platform and the Tariff" was discussed by Governor Albert B. Cummins of Iowa. Governor Cummins spoke directly to the Iowa idea as embodied in the Republican platform of that state, declaring for a "no monopoly-sheltering tariff."

Cruiser Cincinnati.

Washington, Oct. 10.—A cable message was received at the navy department from the commander of the cruiser Cincinnati saying that that vessel had left Colon for Cape Haitien.

TO HYMEN'S ALTAR

While This is no Record Breaker For Fair Week Yet

THERE ARE WEDDINGS GALORE

Coshocton the Gretna Green to Which Cupid's Paths Now Lead—Those Gathered By The Reporter From Thursday.

It is a matter of record, from years gone by to the present, that "fair week," in Coshocton, is a time "when love leads the lads and lassies together." This year has been no exception. Below are those reported to THE AGE for Thursday:

Mr. William J. Philabaum, of Mansfield, and Miss Laura E. Haas, of Avondale; also Mr. Jacob Aneis and Miss Eliza Maniur, both of Stark county, were married Thursday evening by Rev. Dr. Toland at the M. E. parsonage.

Mr. Lewis Petry and Miss Ira Dell Smith, both of Tiverton; also Mr. John A. Motes and Miss Laura E. Cutshall, of Coshocton, were married by Rev. Sever, of the Church of Christ.

Charles E. Reed, of Newcomerstown, and Miss Mamie M Mizer, of Bakersville, were Married Thursday evening, by Rev. S. A. Fisher, at his home on Orchard.

Rev. Wm. E. Hunt, on Thursday, at his home on South Fourth street, married Mr. George W. Philabaum and Miss Sophie M. Kutscher, both of Avondale, and Mr. Charles F. Philabaum and Miss Lillie T. Carter, both of Coshocton.

The wedding of Mr. Monford D. Custer and Miss Vesta Metzler will take place at the home of the brides' parents, Dr. and Mrs. A. S Metzler, in Baltic next Tuesday evening at 5:30 o'clock. Only the immediate families will be present.

ADAMS MILLS.

ADAMS MILLS, October 9—Miss Margaret Scott, accompanied by her niece, Miss Esther Scott, is visiting in Indianapolis.

Mr. and Mrs. Chas. Skinner were guests of the latter's brother in Zanesville and attended the C. E. covention last week.

Jay and Joe Skinner, of Cleveland, visited their parents here.

Misses Nora Kincade and Josie Harriman are spending a few days at Athens.

Rev. Joseph C. Fields, our new pastor, has moved his family from Martinsburg and are now comfortably located in the parsonage.

Mr. and Mrs. John Dunmead left last week for a visit with their cousins in Baltimore.

Mrs. Anna Smith attended the wedding of a friend at Newark last week.

Miss Zoe Murphy returned Sunday evening from a month's sojourn in Columbus.

Mr. and Mrs. James Murphy and daughter, of Akron, are the guests of their parents.

Some Siberian Experiences.

An Iowa traveler back from the Siberian frontier relates some of the hardships of life there. He says: "I saw a colony of Galicians in Saskatchewan, and they gave me the most extraordinary exhibition of human patience and fortitude I ever beheld. I saw from a dozen to fifteen women hitched two and two on an 18-inch breaking plow, and they marched straight ahead through the tough ground with that plow, tearing up five acres a day on an average. The work those people did was as effective as could have been done by horses or oxen. The women seemed to take to their hard labor as a matter of course".

The Horse Show.

Professor Beery, the famous horse trainer, will give a splendid exhibition this evening at his big horse show tent near the corner of Third and Walnut. Besides the wonderful performing of his own trained horses a feature of the evening will be the breaking of two kicking horses and several other unruly animals. There are few horses that do not have some one fault that is a detriment to them. See Professor Beery and have this fault overcome. It will make your horse far more valuable. Don't miss this chance. It is an opportunity that you seldom have. Professor Beery's reputation as a horse trainer is unequaled. His time in this city is limited to one week.

Charged With Loitering.

Wm Dooley, colored, was arrested Thursday, charged with loitering about the hotel Mecca. Maggie Fitzpatrick, a white servant at the hotel, was also arrested.

Senator Hanna's campaigning train doesn't stick in the mud between stations.

While President Roosevelt has a lame leg, his mind is in wonderfully good working order.

A visit to the stock exhibit at the fair, this week, will convince any one that Coshocton county is one of the very best stock producing sections of the state and that Ohio takes no back seat in this department of agricultural development.

Several Chicago attorneys, interested in the cause of the north side street car men, in that city, after careful investigation, give it as their opinion that the cost of living has increased 40 per cent in the last five years. The evidence upon which this statement is based is gathered from butchers, bakers and representatives of other trades to the same general effect.

The first man to serve a life sentence under the Williams burglary law, enacted by the Ohio legislature last winter, has been received at the penitentiary. He is John Croom, colored, and was convicted in Ashtabula county. There has been a noticeable decrease in burglaries since the law went into effect. The professionals are leaving Ohio for other states where there is just as good picking but where the penalty is less severe.

To clear himself to the Baptist church of Washington Heights, N. Y., John D. Rockefeller has saved it from foreclosure of the mortgage on it. The trustees had tried in vain to raise the principal of the $3,000 indebtedness and had failed. Only $8,000 could be raised last year to meet the running expenses. On November 1 the mortgage falls due, and at several recent meeting the trustees had spoken of the uselessness of trying to meet the obligation. It was said that they had about decided to close the church when word came of the millionaire's generosity.

Cotton Mill Merger.

Greensboro, N. C., Oct. 10. — The "Fries cotton mill merger" of certain classes of southern cotton mills has been at last consummated to the extent that writings have been signed by 70 mills located in Virginia, North and South Carolina, Georgia, Alabama and Tennessee. It is understood that the company formed to acquire these properties will be known as the Southern Textile company.

THIS AND THAT.

Crisp Items of Information From Every Clime.

Forest fires in the vicinity of Marinette, Wis., are under control.

William Durham, 25, was shot dead by Sentry Wadsworth at Shenandoah, Pa. Disobeyed the sentry's command to halt.

Russell Reel, 11, who was kidnaped from his home in Columbus by a man disguised as an organ grinder, was recovered at Lafayette, O.

A cattle train on the Lehigh Valley was dynamited near Pittston, Pa. Seven cars were damaged and several head of cattle were killed.

At Mannington, W. Va. Father W. R. Pendegrast of the Catholic church is dead from the results of poison taken into his stomach by means of mineral water. A colored servant is near death's door.

Miss Alice Fisher, a young woman employed in the government printing office at Washington, was shot and killed by William Dougherty, an employe of the same place. Dougherty then shot and killed himself. Jealousy.

New Railroads In Chile.

Santiago de Chile, Oct. 10.—American enterprise is about to embark in new fields in this country. A number of engineers in charge of William C. Hill, who represents certain New York capitalists, have arrived here for the purpose of building railroads and other public works in Chile. The party was received with great cordiality by President Riesco, who promised them every facility in their work. It is said that $20,000,000 is to be expended on railroads and other improvements.

Double Tragedy.

Indianapolis, Oct. 10.—The bodies of Pleasant Pruitt, 52 and wife Winnie Pruitt, 47, were found side by side in the basement of their home. Mrs. Pruitt had been killed with a knife, two stabs penetrating the heart. The face was also terribly mutilated, one of the eyes being torn out. Pruitt had been killed by a pistol wound in the head. Both had been dead some hours. Police have adopted the theory that Pruitt killed his wife and then himself. The two had quarreled frequently.

Plunged Into by Race Horses.

Vincennes, Ind., Oct. 10.—A terrible accident happened on the racetrack at the fair ground here in which two men will lose their lives. A. J. Bridgeman and his grandson, Russell McCormick, were riding in a buggy around the track when the vehicle was run into by race horses, breaking the buggy to pieces and throwing the men high into the air, causing internal injuries which it is expected will prove fatal. The accident was witnessed by at least 15,000 people.

A Shoe Chance

THAT REPRESENT ONLY A SLIGHT ADVANCE OVER

If there's one department in this big store that we're more proud of than another it's the Shoe Department. Have a right to be.

Since we doubled the size of the Syndicate, the Shoe Department occupies one whole side of the west room. Stretching from front to rear are long rows of the best footwear that ever came to Coshocton.

Pretty big claim? Certainly is. But we know exactly what we're talking about.

We determined to get hold of the best shoes that can be produced and then sell them at prices no other dealer in Coshocton county could dream of giving.

And let us tell you right here that we've put no end of time and pains into the task we cut out for ourselves. We investigated this shoe and that, discarding one after another because it didn't come up to the mark. Among some manufacturers we got the reputation of being "cranks" because we were so particular.

We knew what we wanted. We didn't stop till we got it. And by buying in enormous quantities we got extraordinary low figures too.

The results of our work are here for you. And as we said before they're the finest shoes that ever came to Coshocton. The prices are so low that they simply sweep aside competition.

The American Gentleman.
$3 50

The perfection of shoe-making. Incomparable in its stylish finish. It has in the highest degree that quality which is sought more than any other—durability.

A gentleman who knows shoes like a book—worked among them and made a study of them—remarked the other day: "That American Gentleman shoe of yours is the equal of any $5 shoe in Coshocton." And he spoke the truth.

The newest styles, in patent kid and box calf.

The American Lady
$2.95

Its circle of admirers is widening every day. The first pair makes a fast friend every time. A $4.5. shoe in every particular. The styles are unusually graceful. Patent colt skin, patent kid and vici.

Highland Calf
$2 50

Meets that the needs of a man who wants a shoe that will wear like iron and at the same time be perfectly suitable for street wear. Once and see it. You will tell you of the strength and wear there is in them. We want you to compare them with any $4 shoe you know about.

Shoes occupy but one of the fifteen departments in this big store of ours. Hence the running expenses are one fifteenth those of a store that sells nothing but shoes. That's one reason our prices are unmatchable.

We're some other splendid shoes we want to show you when you visit us.

STRONG RESOLUTIONS

Adopted by the Interstate Conference at Detroit.

Detroit, Oct. 10.—Nearly 200 delegates, representing about a dozen states of the Union, who attended the interstate conference on the coal situation here, adopted resolutions, after much debate, urging the president to institute civil proceedings looking to the enforcement of the interstate commerce act against the coal companies and criminal proceedings against their officers; petitioning the governor of Pennsylvania to call a special session of the legislature of that state to condemn all the coal-carrying railroads and sufficient of the mines to supply the demands of the people. Further the resolution petitions the president to call at once a special session of the house of representatives and to recommend the appointment of a committee with full power to investigate the cause of the strike and to place the blame therefor. A supplemental resolution, offered by Judge Frank E. Garvin of Indianapolis, was also adopted and ordered attached to the main resolutions. It urges the president at once to institute proceedings to dissolve "the present combination of the coal operators," and to have a receiver appointed to operate the mines. The supplemental report urges a special session of congress if it is impossible at present for the president to take this action.

President Mitchell's Letter.

Washington, Oct. 10. — President Mitchell of the coal miners' union has refused to comply with the appeal of President Roosevelt to call the strike off. His letter to the president was made public at White House. President Mitchell wrote he believed the strikers went more than half way in the peace overtures, and having in mind experiences of the past, he said had no faith in the operators. Inasmuch as there is no law through which President Roosevelt could enforce findings of the arbitration commission, the miners, says Mr. Mitchell, must respectfully decline to entertain the president's proposition.

Irish ...

Chicago, Oct. 10.—A cablegram from Dublin received here by Colonel John F. Finnerty announced that John P. Redmond, John Dillon, Michael Davitt and Edward Blake, Ireland's delegate to the convention of the Irish League of America, to be held in Boston, Oct. 23, will leave Queenstown Friday on the New England. They are expected to reach Boston Oct. 17. Accompanying the delegation is Mrs. John Martin, a sister of John Mitchell, who is coming as the special representative of the women of Ireland.

Two Killed by an Indian.

Neper, Neb., Oct. 10.—E. C. Taylor, a white boss farmer and teacher at the Indian school on the Rosebud reservation, 11 miles west of Bonesteel, S. D., and Johnnie Shaw, an Indian policeman living in the same locality, were shot and killed by George Bear, an Indian. A dispute over the refusal of Taylor to allow the Indians to sell woodoutside the reservation led to the crime. Bear has borne a good reputation as one of the best workers among the Indians. The dead men were both prominent. Bear was captured.

"If you want to know what smartly dressed men will wear this season, ask to see Stein-Bloch Smart Clothes."

"ALL THAT GLITTERS IS NOT GOLD."

AN OLD, trite and true proverb. All the glittering generalities one sees in the papers, magazines and so forth nowadays about the excellence of certain makes of ready-made clothes, are practically meaningless.

There is but ONE make of Ready-to-Wear Clothing that keeps the promise of its advertisements-

and that is the product of the STEIN-BLOCH Co., Wholesale Tailors, of Rochester.

True, STEIN-BLOCH Smart Clothes cost more than any other ready-to-wear clothes, but the difference in price is so trifling as to be not worth considering when making an investment, which must bear you satisfactory interest for at least a season and perhaps a year or two.

STEIN-BLOCH CLOTHES are built upon the custom-tailors' lines—they are made in custom-tailors' shops—there are NO OTHER ready to-wear clothes in the world that are wholesale tailored. We are the exclusive agents in this city for the sale of Stein-Bloch Smart Clothes.

Santiago de Cuba, Oct. 10.—There was a great demonstration here upon the occasion of the ceremonies held in memory of the Cuban patriots, General Jose Maceo, General Moncada, General Crombet and General Sanchez, Colonels Garzon and Silva and Captain Burgess, who were killed in battle fighting for the independence of the island. Four thousand schoolchildren took part in the procession, in which representatives of the insular and municipal governments, members of numerous societies and thousands of veterans also participated.

SCORE INJURED

In a Head-On Collision Between Two Passenger Trains.

Danbury, Conn., Oct. 10.—One person dead and over a score injured is the result of a head-on collision on the Highland division of the New York, New Haven and Hartford railroad directly in front of the station at Sandy Hook. An excursion train of 14 cars crashed into the regular westbound train standing in front of the station discharging passengers. The engines on both trains were considerably damaged, but the first car on the excursion train was crushed, and the inside, which was crowded, was a mass of splinters, broken glass and shrieking, wounded men and women. Mamie Quinlan of Naugatuck, 22, was so seriously injured that she died a few minutes later in the station.

Fought It Out In the Street.

Eldorado, Ark., Oct. 10.—Three men were killed, another will die and two others wounded by a shooting affray on the streets here. The dead: H. L. Dearing, constable; Tom Parnell, farmer; Walter Parnell, farmer. Guy B. Tucker, city marshal, was shot six times and will die. The shooting is the sequel to the killing here Sept. 18 by Dearing of Robert Mullens, which followed a wedding. The Parnells were friends of Mullens and Thomas Newton was a friend of Dearing. Jim Parnell and Newton had some words, Dearing, Tucker and Newton were walking along in front of the Union Grocery company, on the east side of the square, when they met the three Parnell brothers. Jim Parnell is said to have fired at Newton and in an instant the fusillade began. About 75 shots were fired and the crack of revolvers sounded like a pitched battle. The men were close together and their aim was deadly.

Socialists Shot.

Gibraltar, Oct. 10. — The compulsory closing of a Socialist club within the Spanish lines resulted in a riot, in which five of the rioters were killed and several wounded. The mob fired upon the civil guard, who were temporarily driven back, but who returned the fire of the rioters and scattered their assailants. The mob afterwards attacked the house of the mayor and other dwellings before it was finally dispersed. A battalion of infantry and a squadron of cavalry have arrived here from San Roque.

A TRUCE SUGGESTED.

Political Leaders to the Stubborn Coal Operators.

CONFABS THE RAGE IN NEW YORK.

Mine Owners Decline to Consider the Political Aspect of the Situation. Mitchell Also Busy In the Metropolis — Probable Request For Federal Troops.

New York, Oct. 10.—Most noteworthy of the day's events here in connection with the anthracite strike was a conference at the office of Senator Thomas C. Platt, at which were present, among others, the two senators from Pennsylvania and the governor of New York and nearly all the heads of the big corporations controlling the anthracite fields. In all seeming this conference had a contrary effect to that which had been hoped from it, and the operators departed declaring adherence to the policy they have followed from the first, of resisting the demands of the miners' union to the bitter end. There were other conferences during the day in which President Mitchell and people of more or less consequence in the industrial world participated, but these, so far as information goes, were barren of result as the principal meeting, details of which are given below on the authority of one who was present.

From what may be described as an inside and authoritative source it may be announced that the conference at the office of Senator Platt was absolutely without result, the operators refusing to consider the political aspect of the situation and maintaining the position that the question was one between employer and employe as to the management of the properties concerned. Senator Quay and Governor Odell expressed the opinion that had the strike continued for another fortnight or longer the effect would be to so press the public mind with the subject of the shortage of fuel that political duties would be neglected and the voters remain away from the polls on election day, with the natural result that the majority in Pennsylvania and New York would be the greater sufferer. Senator Penrose expressed his concurrence in the representations of the others, and Senator Platt and Mr. Lauterbach spoke in a similar strain. These latter advised something in the nature of an armistice, under an implied promise to the miners that their union would be recognized by the operators.

One of the political conferees suggested that to protract the struggle with the miners' union would be to open the way for the advocates of anti-corporation legislation at Harrisburg and Albany to move for the introducing of measures calculated to impair the value of railroad and coal properties, and that it was even possible, in the stress of public opinion, laws might be enacted that would impair for years the value of the properties the operators represented. It was said by one speaker that a bill of this antagonistic character had already been framed and was ready for submission to the Pennsylvania legislature. The possibility of harassing litigation both in Pennsylvania and New York was also dwelt upon, and the fear expressed that in some instances the state of public mind might influence the determination of such suits. These representations, however, failed to move the operators.

Mitchell Busy.

Although President Mitchell apparently had no part in the conference between the senators and the operators, his actions were anxiously awaited. He was joined at the Astland House by ex-State Senator Moses W. Salomon of Chicago. The Chicagoan has so far refused to disclose his mission, saying he was merely a messenger. Mr. Mitchell had a long conference with the three district presidents. Afterward District President Nicholls had this to say: "Unless the demands of the strikers are granted in full, I do not see how President Mitchell can settle the strike without calling a convention. If only a part of the demands are granted, that would render it necessary to call a convention, and that would take two weeks at least."

General Thomas of the Erie had a long talk with J. P. Morgan. It is asserted on what appears to be good authority that Mr. Morgan was in communication during the day with some of the politicians who conferred with the operators, but that he declined to be placed in the attitude of a party to the controversy.

Strikers' Parade.

Shamokin, Pa., Oct. 10.—Fifteen hundred strikers paraded the streets here before attending a socialist meeting which was addressed by John Collins of Chicago. Four men dressed in national guardsmen uniform walked abreast, carrying the American flag. They were cheered by strikers along the sidewalks. Officers of the Tenth regiment, which is encamped here, deny that the marching soldiers belong to the regiment.

May Ask For Federal Troops.

Wilkesbarre, Pa., Oct. 10.—It was reported here that there is a movement on foot among the operators to ask Governor Stone for more assistance on the ground that the state troops now in the field are not sufficient to completely patrol the entire anthracite territory. If such a request is sent and the governor should grant it he would be compelled to call on the federal government for troops.

Move Against a Railway.

Philadelphia, Oct. 10.—Frank H. Thompson of this city, through counsel, forwarded to Attorney General Elkin at Harrisburg a petition asking permission to use name of the commonwealth in a suit against the Philadelphia and Reading Railway company to show cause why the company's charter should not be revoked. The ground on which the suit is based is the alleged violation of the state constitution, article XVII, section 5, which prohibits a carrying company from engaging in mining.

Cuba's Hostility.

Washington, Oct. 10.—The situation as to Cuban affairs is such as to give officials here great concern. It is feared that Cuba is drifting away and evidence is multiplying day by day to mark the growth of a spirit of indifference toward the cultivation of friendly relations with the United States that almost borders on hostility. The best efforts of the state department thus far have failed to secure the adhesion of the Cuban government to the treaty which, by the terms of the Platt amendment, must be entered into between the two governments. The delay is all on one side, namely, at Havana, for Secretary Hay and the Cuban minister, Senor Quesada, have performed their part in drafting a treaty which it is believed carries out the intent of congress. That treaty is now awaiting the approval of the Cuban government, which approval is withheld, not with any expressed intention of rejecting the convention, but through what is regarded here as the natural inertia of the Cubans in diplomatic matters.

ANNOUNCEMENT TO INVESTORS:

MINE LA MOTT LEAD & SMELTING COMPANY owns 37,614 acres of ground located in Madison and St. Francois Counties, Southeastern Missouri. Of that total 13,5[illegible] ACRES ARE KNOWN TO BE HEAVILY MINERALIZED. Only 30 acres have been developed by underground workings, and about 67 acres have received attention on the surface.

THE MINES ARE PRODUCING TODAY, UNDER VERY LIMITED OPERATION, MORE THAN $150,000 A YEAR. The present management is now installing machinery and improvements that will swell this annual output TO AT LEAST $500,000. Present shafts and drifts place in sight ore enough to tax all available machinery for centuries. Eliminating from the calculation all revenue from agricultural, timbering and miscellaneous sources, the property will earn a sum ample to pay immense dividends annually on the capitalization.

Investment in such a proposition as this does not in any sense border upon speculation. Stock in this corporation is as carefully protected as a Government bond. Since it is offered to you at a figure considerably below par, you can be assured of several times the ordinary rate of income.

Mine La Motte has been for more than a century, one of the most famous lead producers in the country. It is the only mine today producing and shipping Nickle and Cobalt regularly. Its "Anchor" Brand of Pig Lead has been the standard of the market for years.

The estate, mine and plant has been under private ownership and control until now. From this time forward the output of the property will be increased as fast as modern machinery and methods can be installed to do it. Present earnings assure annual dividends of at least 8 per cent. on par, and inside six months this will be doubled.

A small block of stock is herewith offered for sale at $7.50 per share, (par value $10). The amount put out at this figure will be very limited. Immediate investors can make good profit, both on income and on rise in value of stock : : : : : : : : : : : : : :

A large number of representative Ohio investors have already made careful personal inspection of property and plant. We will place you in touch with them, or if you or any of your friends will undertake your own personal investigation we will submit proposition to defray all expense incident to same. We shall ask you to do no business with us unless you may be absolutely satisfied as to the safety, integrity and profit of this investment.

FOR CITIES OF OHIO.

Code Will Provide a Flexible Service Board.

CONFERENCE COMMITTEE'S ACTION.

House Members Make a Concession to the Senate Conferees—Terms of Municipal Officers and Salaries For Same—Intelligence of the Buckeye State.

Columbus, Oct. 10.—Although no vote has yet been taken on the system of organization to be provided for the cities of the state, the matter has been settled by the conference committee. The question of placing a board of a single director in charge of the department of public service will be decided by providing for a flexible board, council to fix the number of directors, which shall not be more than five. The committee agreed that such an amendment should be drawn. In all probability this is the sole and only concession the house will make to the senate. The house has the better of the argument in the committee by reason of a parliamentary technicality. The senate passed its bill first and messaged it to the house. The house substituted its measure, which was rejected by the senate. This made the house code bill the basis of difference, and it requires a majority of the members of the committee to strike anything from the house bill.

The sections of the house code relating to the power of municipalities to borrow money were approved with the exception that the period for which deficiency bonds may be issued was extended from 20 years to 50 years, and all bonds are to be registered as now provided in a special law relating to Cincinnati. It was decided that the terms of all municipal officers shall be fixed at two years.

While the village code has not yet been reached, it will remain as in the house bill. The senators acknowledge that its provisions are far better than those in the senate bill, and said that they would adopt them in preference to their own. The head of the department of public safety will be a single one, and there is every probability of the adoption of the state system of civil service supervision, as provided in the house code.

By a unanimous vote the provision in the house code providing for continuous councils was eliminated and all councilmen will go in and out at the same time. The provision that members of boards of education must be elected from councilmanic wards, which was struck out on the floor of the house, was again inserted.

The salaries of councilmen were settled upon the basis of the house code not to exceed $150 for the first 25,000 of population and $100 for each additional 30,000, but in no case to exceed $1,200 per annum.

The conference then adjourned until Monday morning.

MRS. DEPEW IN POLITICS.

The Impressions of New York Senator's Wife.

Mrs. Chauncey M. Depew, who, with the junior senator from New York, attended the recent Republican state convention at Saratoga, thus gives her impressions of that assembly and of politics in general:

"My entrance into politics, as it has been called, was most agreeable, and I enjoyed every minute. If I had my way, I would have nothing but conventions all the time. I appreciated the "decoration" very much. Before it was conferred I was a good Republican, but I feel that I am a better one now.

"The proceedings at Saratoga were all so new to me, for I have lived abroad so long. What happened gave me a new sense of pride in being an American. It was all interesting and exciting and was made more so by the fact that every one seemed so intense and eager.

"Another thing which made me think was the fact that each man present in the convention represented so many individuals. There was not a single minute of my visit that was without some particular individual interest.

"The most exciting night was on Tuesday, when the question of the lieutenant governorship was being settled. Though the great number present had confidence enough in their leaders to leave the settlement of the question to them, the anxiety never relaxed.

"I have been asked how I liked the senator's speech nominating Mr. O'Brien. I can answer that by saying that I have ... the senator's speeches. I have heard him deliver the Fourth of July oration in Paris for four years; therefore I know something about his ability. Whenever he speaks I am on hand.

"There was one thing very puzzling to me—I could not understand why a party of about a hundred men stood grouped about Senator Platt's cottage, which was near ours, and for two hours, from the governor's arrival until 12:30, sang one song, and only one verse of that, over and over again. I don't understand it. The verse was:

"You may push the damper in,
You may pull the damper out,
But the smoke goes up the chimney just the same,
Just the same!"

Leaped In Front of a Train.

Toledo, Oct. 10.—As a Detroit Southern passenger train was speeding between Adrian and Britton a woman rushed from the weeds by the side of the track and threw herself in front of the engine, being ground to pieces. She was identified as Mrs. E. B. Price, a farmer's wife, living near the scene of the suicide.

VETERANS SCORE IT.

Medical Division of the Pension Bureau Criticised.

COMMITTEE SUBMITS ITS REPORT.

General Stewart of Pennsylvania Elected Commander-in-Chief Over General Black—Muster Roll of the Grand Army, the Year's Losses and Some Pertinent Comment Thereon.

Washington, Oct. 10.—A feature of the encampment was the report of the pension committee of the Grand Army. This committee severely scored the medical division of the pension bureau, declaring that it was a deadline where were executed the claims of veterans seeking pensions. It accused the personnel of this division of approaching the reports of the examining surgeons throughout the country with suspicion and distrust and as made in bad faith. It denounced the reports that extensive frauds were practiced in pension claims as absolutely baseless.

The report of Adjutant General Silas H. Towler of Minneapolis, shows that on the 30th of June last the muster roll of the Grand Army contained 263,745 names of members in good standing and that there were 6,511 posts. The figures as to membership show a net loss since the preceding year of 5,894. The high water mark of membership was attained in 1890 when it mustered 409,489, and there has been a gradual decline since that date. Commenting on this circumstance, he says that there are still living over ... of the men who were a part of that grand army of the sixties, and of that number less than 75,000 are over 62 years of age. The death loss for the year as shown by the report is 8,299.

The new commander-in-chief of the Grand Army is General J. T. Stewart of Pennsylvania, who was a leading candidate for the honor a year ago. His competitors were General John C. Black of Illinois, a former commissioner of pensions, and Colonel John McElroy of this city. The name of General Daniel Sickles of New York city was presented to the convention, but he withdrew from the race. William M. Olin of Massachusetts was elected vice commander-in-chief, and James M. Averill of Georgia junior vice commander-in-chief.

General Torrance in his annual address took up the question of pensions, and at length related the circumstances connected with the investigation of the charges against former Commissioner Evans and said his resignation was accepted when the committee made its report. He said the charges of fraud raised against the pensioners were found to be groundless. He paid high tribute to the woman's auxiliaries and spoke for more good will and brotherly kindness to the Confederate veterans.

LIFE SAVED BY BEAR.

Woman Lost in Woods Strangely Aroused to Consciousness.

Mrs. Mary Button, aged eighty-two years, who was lost in the Black forest for five weeks and found a few days ago more dead than alive, says a dispatch from Cross Forks, Pa., to the Philadelphia Ledger, is just regaining consciousness, and the story that she tells of her wanderings through the mountainous country, where rattlesnakes and ... are plentiful, is enough to make one's blood run cold.

She says that she lived on berries and ... and drank water from the mountain streams. She was so weak at ... that she could not walk ... the stream, ... was ... she crawled ... of ... snakes and ... a desperate fight with them.

After this she became unconscious and claims to have remained in that state for about two weeks. She was brought to life, she says, by a bear licking her face, and when she moved her hands the bear ran away. Shortly afterward she was discovered by ginseng diggers.

New Plan For Peter's Pence.

Finding that the international contributions of Peter's pence have sunk to a comparatively insignificant volume owing to the expense and fatigue of pilgrimages to Rome, the Vatican has adopted a new method of raising revenue, says the Rome correspondent of the Chicago Daily News. The system has been successfully inaugurated in Mexico, where the papal representative is empowered to confer certain spiritual advantages, those receiving these advantages contributing Peter's pence at their places of residence.

Embezzlement Charged.

Washington, Oct. 10.—The secretary of state has issued a warrant for the surrender to the Norwegian authorities of Martin Johansen, now held in New York, who, as treasurer of a match factory in Christiania, is said to have embezzled 2,000 kroger. Papers were received at the department from the governor of Iowa asking for the extradition of John W. Bishop, charged with embezzling $450 in Burlington, Ia., and is now held in Bow street, London.

A Piscatorial Tournament.

A novel tournament was held at Avalon, Cal., recently. Thirteen boats took part in it, and their anglers landed 10,000 pounds of albicore, few of which weighed less than twenty-five pounds. In all 318 fish were brought in. The winning catch was seventy-seven.

Italian and His Gun.

Omaha, Oct. 10.—Thomas F. Rich, an Italian grader, employed at a camp at Valley, a few miles south of this city, shot and killed Joseph Stillekt, another grader; shot the dead man's brother through the body and terrorized the camp with a number of shots from his revolver, holding everyone at bay while he made his escape. He has not been captured. The trouble arose over Rich taking a handcar belonging to Stillekt.
